

NOTICE OF THE LOSS OF TITLE IV ELIGIBILITY

You have lost your Title IV Eligibility due to Drug Law Violation. The chart below illustrates the period of ineligibility of FSA funds, depending on whether the conviction was for sale or possession and whether you had previous offenses. (A conviction for sale of drugs includes convictions for conspiring to sell drugs.)

OFFENSE	POSSESSION OF ILLEGAL DRUGS	SALE OF ILLEGAL DRUGS
1 <sup>ST</sup> OFFENSE	1 YEAR FROM DATE OF CONVICTION	2 YEARS FROM DATE OF CONVICTION
2 <sup>ND</sup> OFFENSE	2 YEARS FROM DATE OF CONVICTION	INDEFINITE PERIOD
3+ OFFENSE	INDEFINITE PERIOD	

HOW TO REGAIN ELIGIBILITY

You may regain eligibility the day after the period of ineligibility ends (i.e., for a 1<sup>st</sup> or 2<sup>nd</sup> offense); or when you have successfully completed a qualified drug rehabilitation program that includes passing two unannounced drug tests given by such a program. Any further drug convictions will make you ineligible again.

If you are denied eligibility for an indefinite period, you can regain eligibility after completing any of the following options:

- Successfully complete a rehabilitation program which includes two unannounced drug tests.
- Have the conviction reversed, set aside, or removed from your record so that fewer than two convictions for sale or three convictions for possession remain on the record.
- Successfully completing two unannounced drug test which are part of a rehabilitation program (you do not need to complete the rest of the program).

It is your responsibility to certify to Saint Anthony College of Nursing that you have successfully completed the rehabilitation program.

QUALIFICATIONS FOR A DRUG REHABILITATION PROGRAM

A qualified drug rehabilitation program must include at least two unannounced drug tests and at least one of the following requirements:

- Be qualified to receive funds directly or indirectly from a federal, state, or local government program.
- Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
- Be administered or recognized by a federal, state, or local government agency or court.
- Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.
