

OSF EMERGENCY MANAGEMENT COUNCIL

MISSION STATEMENT

The Mission of the OSF Emergency Managers is to provide a comprehensive and robust integrated emergency management contingent that integrates hospital and community resources, through partnerships with the goal to protect the lives, property and the environment through mitigation, preparedness, response and recovery from all hazards that may impact those we serve with the greatest care and love.

The OSF Emergency Management Council is a multidisciplinary group with responsibilities to include regulatory compliance with including but not limited to, peer review of the Joint Commission Emergency Management (EM) standards. The council's vision is to integrate OSF Healthcare Emergency Management programs and ideas into One OSF. Council members, as a collaborative, will be able to develop and share plans, policies and procedures, as well as facilitate drills, exercises and training across the Ministry with goal of operational sustainability in a systematic format.
