## **PURPOSE:**

To provide financial assistance for emergency and other medically necessary care in the tradition of The Sisters of the Third Order of St. Francis and to comply with federal and state regulatory requirements.

## **POLICY:**

The Corporation's Illinois hospitals shall provide financial assistance and community services in the tradition of The Sisters of the Third Order of St. Francis. All patients, regardless of ability to pay, are eligible to apply for financial assistance.

## **PROCESS:**

1. OSF Healthcare System ("OSF") affirms its commitment to serve its communities in a manner consistent with the mission and philosophy of OSF and The Sisters of the Third Order of St. Francis. OSF's philosophy is that adequate access to health care is a basic human right for all. OSF is committed to the promotion, preservation, protection, and restoration of wellness, whenever possible. OSF's services will be provided to all persons with compassion.
2. Financial assistance is available to eligible persons under the Illinois Hospital Uninsured Patient Discount Act and the OSF Financial Assistance Programs. Financial assistance means a reduction in the amount due for Medically Necessary Services on the basis of documented financial need and eligibility (determined by income and family size). Financial assistance will not be denied on the basis of race, color, sex, age, military status, national origin, disability, religion, sexual orientation, sexual identity or the ability to pay. Medically Necessary Services shall be available to all persons without discrimination and regardless of their eligibility for financial assistance under this policy. OSF will refer individuals to available community programs and services outside of its facilities and programs as appropriate if OSF does not provide the services needed or is unable to do so in a timely manner. OSF will assist patients in obtaining payment from third parties such as Medicaid and Medicare. OSF will treat individuals seeking financial assistance with dignity, sensitivity, and confidentiality.
3. Accordingly, this written policy includes:
  - a. The eligibility criteria for financial assistance, and whether such assistance includes free or discounted care.
  - b. The basis for calculating amounts charged to patients eligible for financial assistance under this policy, which will result in an amount charged that is less than gross charges.
  - c. The method by which patients may apply for financial assistance.
  - d. How the policy will be widely publicized within the community served.
  - e. A limitation on charges for patients eligible for financial assistance under this policy that limits charges to not more than the amounts generally billed to individuals who have insurance covering such care.

- f. The requirements adopted by the Office of the Illinois Attorney General under the Fair Patient Billing Act relating to hospital financial assistance application forms and the use of presumptive eligibility criteria.
- g. The billing and collection requirements of Section 501(r) of the Internal Revenue Code and applicable law are included in the OSF Fair Billing – Collection Policy.

**Financial Assistance:**

OSF's Financial Assistance Policy is designed to provide free or discounted care to those who are uninsured, underinsured, and who lack financial resources to resolve bills incurred to obtain Medically Necessary Services. All patients, regardless of ability to pay, are eligible to apply for financial assistance. OSF hospitals shall determine eligibility for financial assistance for Medically Necessary Care under a two-step process. First, eligibility for assistance will be determined under the Illinois Hospital Uninsured Patient Discount Act. Second, eligibility for financial assistance will be analyzed under the OSF Financial Assistance Programs, if there is no health insurance, health benefit, or other health coverage program including high deductible health insurance plans, workers' compensation, accident liability insurance, or other third party payer. Eligible Applicants will receive a discount equal to the greater of the amounts calculated under the First and Second steps or, if eligible under only one step, a discount calculated under that step.

**Step 1 – Illinois Hospital Uninsured Patient Discount Act:**

Uninsured Patient Discount: An Illinois Resident who is an Uninsured Patient may be eligible for financial assistance. The financial discount does not apply to any non-hospital services including, but not limited to, physician, home care, nursing home or ambulance services. OSF may make the discount contingent upon the Patient first applying for insurance under public programs, if there is a reasonable basis to believe the Patient may be eligible for such programs.

1. An OSF hospital other than a Rural Hospital or Critical Access Hospital shall provide the following discounts:
  - a. A charitable discount of 100% of its charges for all Medically Necessary Services exceeding \$300 in any one inpatient admission or outpatient encounter to any Uninsured Patient who applies for a discount and has Family Income of not more than 200% of the Federal Poverty Income Guidelines.
  - b. A discount equal to 135% of the hospital's cost to charge ratio determined from its most recently filed Medicare cost report times the applicable charges to any Uninsured Patient who applies for a discount and has Family Income between 201% and 600% of the Federal Poverty Income Guidelines for all Medically Necessary Services exceeding \$300 in any one inpatient admission or outpatient encounter.
2. An OSF Rural Hospital or Critical Access Hospital shall provide the following discounts:
  - a. A charitable discount of 100% of its charges for all Medically Necessary Services exceeding \$300 in any one inpatient admission or outpatient encounter to any Uninsured Patient who applies for a discount and has Family Income of not more than 125% of the Federal Poverty Income Guidelines.
  - b. A discount equal to 135% of the hospital's cost to charge ratio determined from its most recently filed Medicare cost report times the applicable charges to any Uninsured Patient who applies for a discount and has Family Income between 126% and 300% of the Federal Poverty Income Guidelines for all Medically Necessary Services exceeding \$300 in any one inpatient admission or outpatient encounter.

**Step 2 – OSF Financial Assistance Programs:**

OSF Financial Assistance: All patients are eligible to apply for charity assistance for Medically Necessary Services provided by OSF Hospitals. OSF's Charity Assistance Programs consist of Straight Charity, Catastrophic Charity, and Presumptive Charity (described below). Eligibility is determined by Family Income and Family Size. After both the Illinois Uninsured Patient Discount and OSF Financial Assistance amounts have been calculated (if both apply), the richest benefit will be selected for the Patient for Medically Necessary Services. The OSF Financial Assistance amount will be adjusted first and if the Illinois Uninsured Patient Discount is greater than the OSF Financial Assistance amount, all remaining amounts will be allocated to the Illinois Uninsured Patient Discount.

1. **Straight Charity:** After all insurance benefits are exhausted, Gross Charges will be discounted by the applicable percentage identified on the OSF financial assistance guidelines (sliding fee scale), subject to proof of Family Income, all other Financial Assistance Program requirements, and the Maximum Charge. (See OSF Financial Assistance Application.) The OSF financial assistance guidelines are based on 200% of the Federal Poverty Income Guidelines and will be updated annually in conjunction with updates published by the United States Department of Health and Human Services.
2. **Catastrophic Charity:** After all insurance benefits are exhausted, Gross Charges may be adjusted to provide for discounted care to a Medically Indigent Patient in accordance with the OSF Catastrophic Charity discount when the Chief Financial Officer of the OSF hospital providing the medical care, or his/her designee, determines that more financial assistance is available with a Catastrophic Charity adjustment compared to Straight Charity. To be eligible for the Catastrophic Charity discount, the total unpaid charges must exceed 25% of Family Income. The amount due will be adjusted to 25% of Family Income, subject to the Maximum Charge, with the remaining balance adjusted to charity.
3. **Presumptive Charity:** Gross Charges may be adjusted to provide for a financial discount of 100% of billed charges when there are no insurance benefits and the Patient establishes financial need by satisfying one of the following categories of presumptive eligibility criteria. Presumptive Charity categories for all OSF hospitals:
  - a. Current Medicaid eligibility, but not on date of service or for non-covered service.
  - b. Mental incapacitation with no one to act on Patient's behalf; and
  - c. Deceased with no estate;
  - d. Homeless;
4. For OSF hospitals that are not Critical Access Hospitals or Rural Hospitals, enrollment in any one of the following programs with criteria at or below 200% of the Federal Poverty Income Guidelines shall establish a Presumptive Charity category.
  - a. Women, Infants and Children Nutrition Program (WIC);
  - b. Supplemental Nutrition Assistance Program (SNAP);
  - c. Illinois Free Lunch and Breakfast Program;
  - d. Low Income Home Energy Assistance Program (LIHEAP);
  - e. Enrollment in an organized community-based program providing access to medical care that assesses and documents limited low-income financial status as criterion for membership; or
  - f. Receipt of grant assistance for medical services.

However, if there is a reasonable basis to believe the Patient may be eligible for insurance coverage under public programs, or if OSF requires documentation to establish a Presumptive Charity category, OSF shall allow the Patient 30 days to respond to OSF and apply for insurance coverage or produce requested documentation. OSF shall determine eligibility for Presumptive Charity and apply the adjustment to the accounts of eligible Patients as soon as possible after receipt of services and prior to the issuance of any bill for such services. OSF uses the following sources of third party information to determine eligibility for Presumptive Charity: OneSource, Medi or Department of Human Services; SearchAmerica and LexisNexis Accurint; court records, department of correction data; first responder reports including police, fire and accident reports; and obituaries.
2. OSF will accept Applications for its Financial Assistance Programs for the first 240 days following the first post discharge bill to the Patient ("Application Period"), including on accounts sent to collections during the Application Period. - c. Information will be prominently posted on the OSF website including:
    - i. On the home page and main financial assistance page, this message will be conspicuously displayed: "Need help paying your bill? You may be eligible for financial assistance. Click here for more information." When readers click on the link, they will go to a Web page that explains the discounts available under the Financial Assistance Programs and how to download the Financial Assistance Policy, Plain Language Summary, and Application.
    - ii. The Web page provides a telephone number that individuals can call and directs individuals to a Financial Counselor in the Admitting Area of the Hospital for more information about the Financial Assistance Policy and assistance in submitting Applications.
  - d. Information will be included on or with OSF patient billing statements describing the available financial assistance and providing the telephone number of the hospital office that can provide information about the Financial Assistance Policy and application process, and the Web site where copies of the Policy, Application and Plain Language Summary may be obtained.

Efforts to inform the community will include providing copies of the Plain Language Summary and Application to referring staff physicians and prominently advertising its financial assistance programs in newsletters mailed to individuals in its database.
  - f. During the first 120 days following the first post discharge bill to the Patient, OSF will communicate directly with the Patient as follows: 1) provide a written notice of the Financial Assistance Policy that includes a copy of the Plain Language Summary, a description of the Extraordinary Collection Actions the hospital may initiate to obtain payment, and a deadline that is at least 30 days outside of this 120 notification period by which an Application must be submitted to avoid the initiation of Extraordinary Collection Actions; and 2) make reasonable efforts to orally notify the Patient about the Financial Assistance Policy and how to obtain assistance in applying.
4. Staff in the patient financial services and admitting areas at OSF Hospitals will understand OSF's Financial Assistance Policy and be able to direct questions regarding the Policy to the appropriate OSF representative.
  5. OSF will notify an Applicant of eligibility for financial assistance within a reasonable period of time after receiving all necessary financial information and documentation. If there is a Patient balance due after financial assistance adjustments, OSF will send a billing statement to the Patient showing all contractual allowances, discounts and financial assistance adjustments, the balance due from the Patient and how this amount was determined, and inform the Patient how to obtain the Maximum Charge calculation. The adjusted balance due shall not exceed the Maximum Charge.
  6. OSF's refund policy for Patients qualifying for financial assistance as well as the actions OSF may take in the event of nonpayment of amounts not eligible for Financial Assistance are described in the OSF Fair Billing – Collection Policy. Assistance Programs may apply to the bills of some of these other providers. A list of the other providers delivering Medically Necessary Care in each OSF hospital is maintained as a separate document available under the Billing & Financial Assistance link at [www.osfhealthcare.org](http://www.osfhealthcare.org), showing the last date it was updated, and identifying which providers accept OSF Financial Assistance, and which providers do not accept OSF Financial Assistance.
