

To our EMS Family:

During this EMS Week, OSF Northern Region EMS System would like to express our sincere gratitude and appreciation for you, our EMS Providers, for all you do, each and every day.

We understand the daily commitment and dedication that each of you makes to render help to those in need, expecting nothing in return. Rest assured, your efforts and sacrifices do not go unnoticed or unappreciated.

In these challenging times, each and every one of you has dug deep, stepped up to the plate and forged onward into uncharted waters, all the while keeping the Faith that yes, we will get through this, together, as a family.

The EMS Family has a bond like no other ... We are resilient. We are strong. We stand together as one. Nothing can break us apart or tear us down. Nothing.

We are proud of your strong will, courageous spirit and caring soul. We are grateful for your family's support, strength and understanding when the calls of others momentarily sweep you away from your loved ones.

You are our **Heroes**.

You are our **family**.

Together, **We are EMS Strong.**

Respectfully,

Sue Fagan

Lisa Kirane

Mark Loewecke

Holly Osborne

Dr. Erin Rigert

Greg Snow

Steve Ernest
