▲ Outreach Lab Submitter

By utilizing the OSF System Laboratory, you can be assured your results will be provided quickly with little to no delay. Over 97% of the tests ordered are performed in-house by our staff, most same or next day. Questions are just a phone call away and most are able to be answered in a matter of minutes. We have staff working 24/7/365 to provide our clients the very best service for their patients and specialized departments for the advanced testing needs. Couriers are dispatched from the lab in Peoria, service the clients on their routes, and return to the lab promptly with their specimens.
