

# Intensive Care by OSF OnCall

## 24/7 REMOTE ICU MONITORING

### A PARTNERSHIP ALLOWING YOU TO FOCUS ON PATIENT CARE

Intensive Care by OSF OnCall combines an expert medical staff of critical care doctors and nurses, digital technology and compassionate care to provide the highest level of quality care to ICU patients. The team currently monitors over 200 beds. Quality metrics to highlight:

# 27%

Decrease in  
average ICU  
length of stay

# 20%

Decrease in  
average ICU  
mortality

# 1.4

Decrease in  
number of days  
on a ventilator

### Best Practice Initiatives

- Ventilator-acquired pneumonia prevention
- Ventilator management
- Delirium management/early mobility
- Glycemic control
- Sepsis
- Organ donation
- Acute respiratory distress syndrome (ARDS)/extracorporeal membrane oxygenation (ECMO) management
- Early sepsis detection/intervention

### Opportunities to collaborate

- Patient admission, shift change
- Emergency arrest
- Communication orders
- Resident collaboration
- Specimen and medication verification
- Radiology
- Poison control
- Trouble shooting
- Organ donation
- Arterial blood gas, vent bundle process and low tidal volume
