

Virtual Hospitalist by OSF OnCall

With our virtual hospitalists as an extension of your care team, you no longer have to worry about gaps in coverage and stretching your team thin with nights, weekends and holidays. We offer on demand access to care via convenient technology 24 hours a day, 365 days a year. We combine people, processes and technology to improve access and deliver excellent outcomes.

Reliable staffing by a hospitalist who actively manages and interacts with patients anytime, day or night

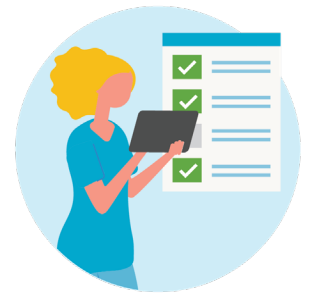

\$690,000
estimated annual cost
savings by facility
